The idea of coming up with Vasudev Group,  
A new project **Vasudev Paradise** came from  
a small insight, that - we like to dream our dreams big.  
**Vasudev Paradise** is a tower that has actually been designed  
keeping life in mind. The spaces we have created here, both  
within and outside the units are special. For example, every  
entrance opens into a patch of green. Every door, every  
window has been liberally designed to let nature take over.  
Every unit is a culmination of thoughtful design, meeting  
its rightful match in world-class planning.
