

Plots for those
who **overthink**
everything.

Shot on location

White County is a BMRDA approved, state of the art plotted development developed by White Projects. It is spread across a sprawling 40 acres, just off the Bommasandra-Jigani Link road. This future-ready development is an ecosystem tailor-made for modern day living.

It comes with a host of futuristic amenities such as access to a 25,000 SFT Clubhouse, 10 Themed parks, Wifi hotspots and CCTV surveillance through out the property. Attention to detail and passion were at the heart of the design and development of White County, thus making it a landmark for the years to come and an ideal setting for you to build your dream home.

A group of five children are running and playing in a lush green field under a blue sky with scattered clouds. In the foreground, a boy in a blue shirt is jumping high, holding a white toy airplane. To his left, a girl in a red shirt is running. Further left, two more girls are running, one in a pink shirt and another in a blue and white checkered shirt. A boy in a white shirt is visible in the background. The field is filled with tall green grass, and a line of trees is in the background.

A close-up, side-profile photograph of two golden retrievers lying on a lush green lawn. The dog in the foreground is a light cream color, looking slightly to the left with its mouth open, showing its teeth and tongue. It wears a red and black plaid collar. The dog in the background is a darker golden color, also looking to the left with its mouth open. The background is a soft, out-of-focus green field.

A photograph of an orange inspection pipe installed in a trench. The pipe is made of several sections joined by black couplings. It runs diagonally from the bottom right towards the top left. At the top left, the pipe turns 90 degrees upwards into a vertical pipe. The trench is filled with dark brown soil and is lined with grey concrete blocks on the right side. The ground surface above the trench is covered with loose soil and small rocks.

● Phase One ● Phase Two

Amphitheatre

Natural shading due to the planned tree pockets planted around the amphitheatre.

A tensile staging would ensure a cool surface for the performers in every climate.

Lake facing, perfect serene place for relaxation and enjoying stage performances.

Eco-friendly and designed to be the perfect blend of nature and functionality.

Upto 1200 people seating capacity.

Barbecue Park

Ideal for private gala dinner or a weekend lunch with family.

Could easily accommodate a gathering of 100 people or upwards

Planned in a way that any event can be neatly organised.

Barbecue counter, fire pits and grill.

Butterfly Garden

Butterflies are a fascinating and comforting sight, and also helps nature by pollination and further development of plant species.

As the garden is devoid of weedicides and insecticides, they are a helpful addition to the living spaces.

As opposed to most urban spaces, the garden gives butterflies the space to live, reproduce and grow.

Hanging Garden

Garden based on Japan's world-famous Wisteria Flower Tunnel.

300 feet long pathway surrounded by beautiful flowering plants.

Perfect place to relax as the atmosphere is quiet and romantic.

Beautiful and surreal location for a stroll.

Organic Park

Facility to produce your own organic vegetables.

Healthier lifestyle with organic ingredients added to your diet.

No insecticides and pesticides ensures no health hazards.

Overhead water tank ensures supply of water to the garden.

Supporting a system that values healthy humans and their habitats.

Pet Park

Space for you and your pets to spend time in the open, without any concerns between pet owners and non-pet owners.

Interact with other pet owners in the community to know what's best for your pet.

Exercise while you play with your pets.

Specialized play equipment for the entertainment of your pets.

Senior Citizen Park

Noise restricted space for rest and relaxation.

Tucked away in a very serene corner makes it perfect for an evening.

Great area for spending quiet time and reading peacefully.

Have conversations with like minded seniors.

Reflexology foot path designed to massage and stimulate acupressure points on the soles of the feet.

Yoga Park with Zen Garden

Dedicated area for residents to practice yoga on a daily basis with Zen garden for meditation.

Zen garden helps you be one with nature through elements like a sandpit with rocks, grass and natural plants.

Calm and ideal surrounding.

Helps with all-around fitness, weight loss, stress relief, inner peace, immunity, flexibility, posture, awareness, intuition and better relationships.

Sports Park

Cricket pitch with practice nets.

Enough space to play football.

Basketball court.

Development of social skills such as teamwork, cooperation, self-discipline, work ethic and coping with disappointment.

Exercise equipment.

Hydra Park

Water fountains pour grandeur into a surrounding one sprinkle at a time.

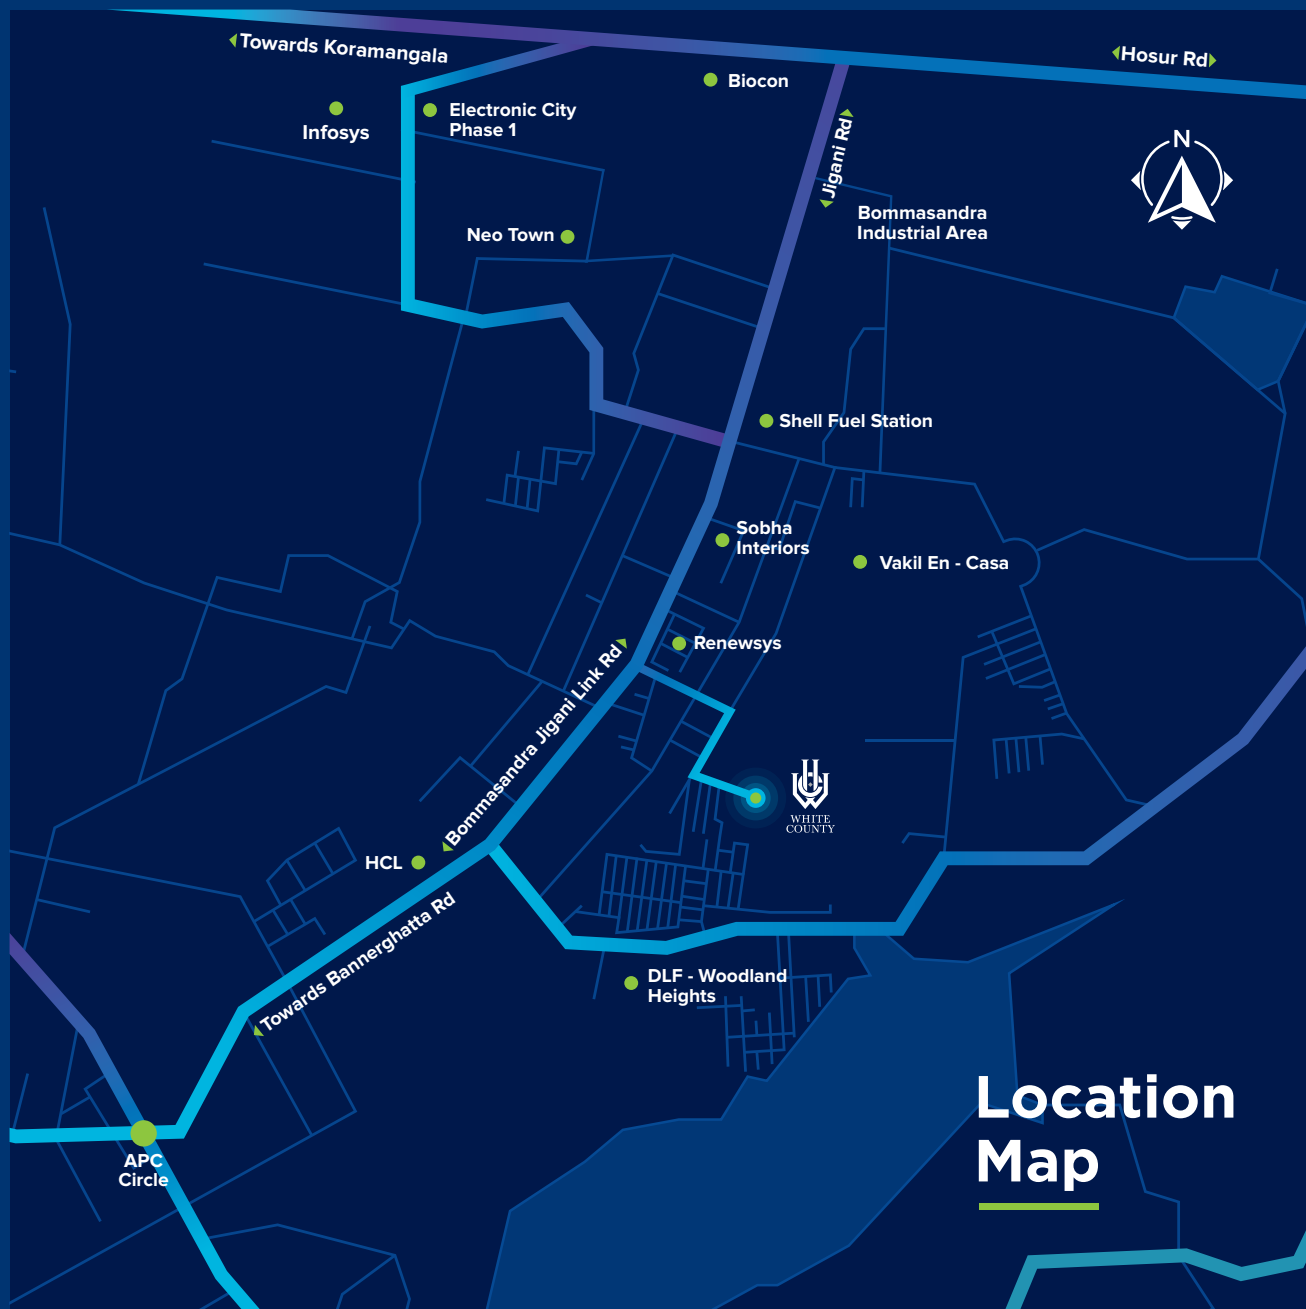

They are a magnificent addition to enhance your outdoor living spaces.

Fully self-contained, these fountains only need water and power. Just plug in and relax.

The soothing sight and the rhythmic falling of water create positive vibes in and around you.
