

Life is when your home feels like a hill station!

 **GREENS**
HOMES FULL OF LIFE!

An upcoming residential complex located on the Ghodbunder Road -Thane.
The complex over looks acres and acres of Yeoor Hills that resemble a landscaped courtyard on one side and a garden view on the other side of this residential complex.

The fresh air and oxygen fills in the homes with positive and vibrant energy!

Experience Peace, Experience Tranquillity... Experience life as It should be!

Close to the city yet away from the chaos of a city, for once you won't be woken up by the blaring early morning train and car horns...but by the melodious chirping of never before seen species of birds...a sight you'd otherwise live only in poems!

The sun showers it's uninterrupted blessings from the clear skies while the moon rises romantically in the night, filling in the sky and the apartments of 'GREENS'.
