About Us

Yes Pee Homes is an emerging real estate company built on a strong foundation of trust, quality, and commitment. The journey began in 2017 under the name Malar Construction, where we focused on delivering reliable and well-planned residential projects across Chennai. With years of experience and a vision to elevate our standards, the company has now evolved into yes Pee Homes, reflecting our commitment to premium quality construction and modern living spaces. Over the years, we have successfully completed 60+ projects across prime locations such as Mangadu, Chetpet, and Camp Road, consistently delivering homes with a focus on design, durability, and customer satisfaction. Our dedication to on-time project delivery has helped us build strong trust with our clients and partners. At Yes Pee Homes, we believe in creating thoughtfully designed living spaces that combine comfort, quality, and long-term value for every homeowner.

Our Mission

To become a trusted name in the real estate industry by providing high-end quality construction, innovative designs, and value-driven homes that stand the test of time.

Our Vision

At Yespee Homes, we are driven by a passion to craft spaces that feel like home. With a focus on innovation, sustainability, and luxury, we bring your dreams to life by building homes that enhance your lifestyle.
