

About Sumukha Earthen Crest

Sumukha Earthen Crest is a premium residential project with 110 exclusive 2 and 3 bhk apartments. It is conveniently located in the heart of Hennur.

The space that has it all

Home is not the house you buy. It's not the walls, the rooms or the doorways. It's the warmth you create with your loved ones, the memories you make together and that cozy feeling that rises as soon as you walk through the door.

WE INSPIRE YOUR STYLE!

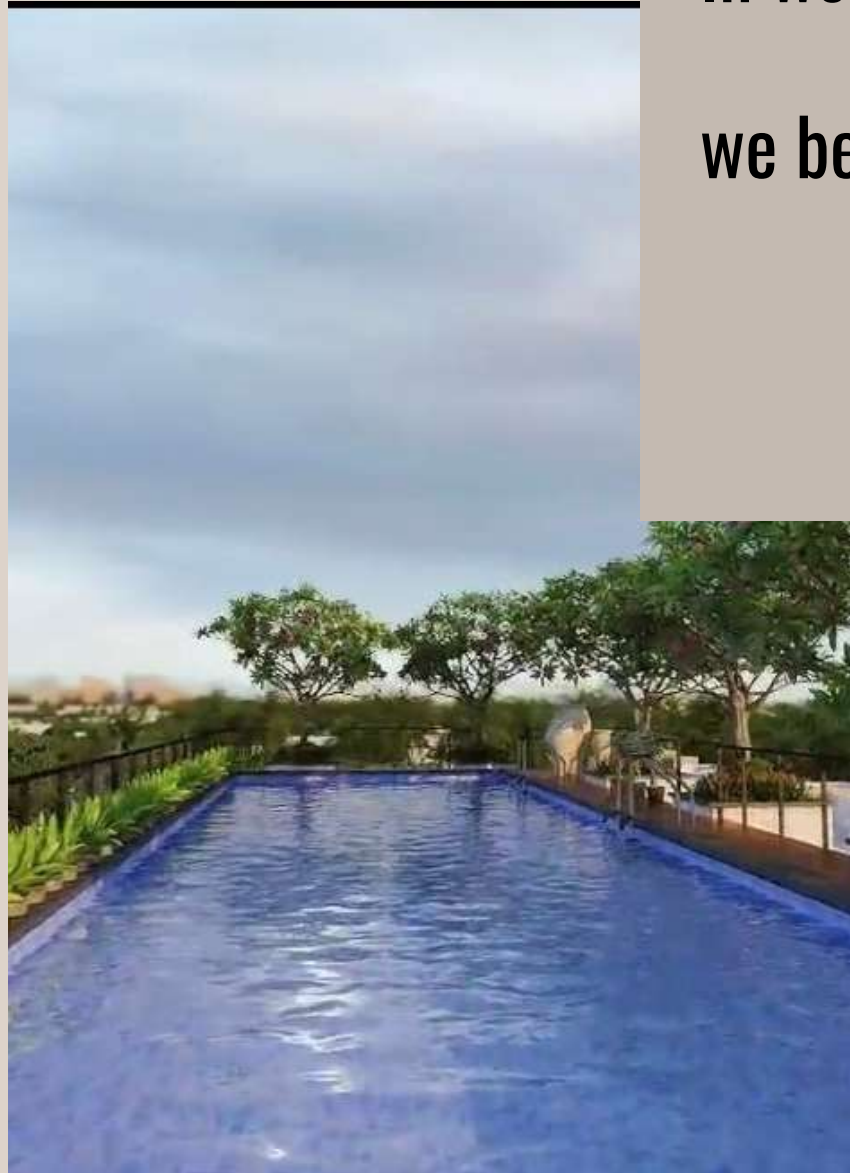

extraordinary living

About us

Sumukha Ventures is a real estate and a construction company with quality and innovation at its core. Established in the year 2010, our main focus is not just building homes, but building a better lifestyle for homebuyers and a greater sustainability for the environment.

Our main focus is building an integrated lifestyle community offering distinctive value propositions like return on investment, amenities and location of our projects. The compassion towards fulfilling the dreams of a customer is of utmost importance. Customer centric approach is the motivation for our attention to detail that endeavors us to build homes that bring joy and happiness to our customers.
