

AGS's Zion 150 is a planned development by AGS REALTY, a premium residence layout developer who has developed several lands in promising localities.

This time they present this property in Mappedu, which is a serene suburb, an area that's residential in nature. Spread across an opulent site area there are 20 plots in this community, and they have a unit size that ranges between 924 - 1258 Sq.Ft.

So this layout is perfect for building a future home as it's located inside a secure community with 6 Ft. high fully compounded facility. This layout also has top-quality concrete roads, lit beautifully with solar-powered streetlights. These plots are also a fine choice for investment, so come have a look and book your plots now.
