A sneak preview

A GLIMPSE OF AN EVOLVED LIFE

Gera Developments has introduced India's very first ChildCentric™ Homes. And after a more than successful run in Pune, we are now launching it in Goa as Gera's River of Joy. The evolved lifestyle here has changed the way parents deal with daily challenges like shuttling for children's classes, compromising on their learning for the lack of time, being constantly worried about their safety and stress while managing it- ChildCentric™ Homes is one answer to it all.

The project is spread across 17 acres and consists of 1, 2 & 3 bedroom apartments and 2 & 3 bedroom row houses. It is located at Kadamba Plateau which is the hotbed of development in Goa. Being located here, the project overlooks the Mandovi river and offers a splendid view. Easy connectivity to Panjim via the highway, transport hubs and a host of state-led initiatives slated in and around the location, make it a bustling neighbourhood.

The second in the series of ChildCentric™ Homes in India, Gera's River of Joy hosts learning academies by stalwarts like Bhaichung Bhutia, Anil Kumble, Mahesh Bhupati, Shankar Mahadevan, Shiamak Dawar and Michael Phelps. Give your children the opportunities to learn, play and grow like never before.

Gera's River of Joy is here and it will change the way you perceive growth of your children. So, come and experience this evolved lifestyle.

Gera's River of Joy brings to life the essence of ChildCentric™ Homes - Development, Fun, Convenience and Safety.

IT'S TIME TO LIVE IT.

AN EVOLVED LOCATION FOR AN EVOLVED LIFESTYLE

An evolved location in its truest sense is a confluence of connectivity and scenic beauty. Such a locale is Kadamba Plateau and taking shape here is Gera's River of Joy. Offering a splendid view of the Mandovi river, Kadamba Plateau is at the centre of development in Goa owing to many state-led initiatives. Located on the old Goa highway, the project is approx. 12 mins. away from Panjim- the commercial hub of Goa. The project enjoys excellent connectivity to Dabolim Airport and the bus stand.

Apart from this, our much anticipated project in the Imperium series, Gera's Imperium Premio is coming up next door along with the Gera School which will elevate the project to the next-level. Enjoy the luxury of being close to lifestyle, shopping and educational avenues.

THE GERA EDGE

Our 47 year old philosophy of Outdo continues to drive us to exceed expectations, perform beyond set standards. As a result, we are able provide our customers the advantages, which we classify as The Gera Edge

THE GERA PROMISE. THE 5 YEAR GERA WARRANTY

Over four decades of unwavering commitment to quality, innovation and finest customer service has earned us the trust and respect of our customers as well as the reputation of pioneers in the real estate industry.

As a leader in the industry, we have established a new benchmark in quality and service: The Gera Warranty, offered for the very first time in India.

The Gera Warranty reaffirms our commitment to customers' satisfaction and is a testimony of our faith in the quality of our construction, materials and designs. We believe in what we do and we stand by our work.

By offering a 5-year Warranty to you, we ensure that the entire property stays in premium condition for years to come.

THE GERA WARRANTY INCLUDES:

- Preventive maintenance
- Repairs

For more details on the Gera Warranty, please ask for our Warranty Brochure.

ENVIRONMENT RESPONSIBILITY STATEMENT

At Gera Developments, we are committed to the preservation of the environment and believe that our projects should incorporate features that work towards this objective. Here are some of the environment friendly steps taken at Gera's River of Joy.

NOISE POLLUTION

- Genset with acoustics enclosure

ENERGY CONSERVATION

- Auto shut-off pumps and genset
- Solar water heating system for kitchens

WATER CONSERVATION

- Rainwater harvesting through recharge bores
- Water treatment plant
- Drip irrigation system
- Water level controllers with auto shut-off to prevent overflow and wastage

MATERIAL SELECTION

- Use of industrial waste such as fly-ash in bricks, concrete and plaster
