NATURE-FIRST HOMES

Provident Ecopolitan represents a haven for individuals who prioritize ecological consciousness. This thoughtfully constructed residential development offers a plethora of amenities that place nature at the forefront. It serves as a sanctuary where residents can prioritize their well-being and happiness in a sustainable manner while enjoying top-quality urban facilities. With its advantageous proximity to the Devanahalli airport, as well as key business, education, and health centres, the locality is experiencing rapid growth and is set to thrive even further in the future.

LIVE WITH NATURE LIVE FOR NATURE

Provident Ecopolitan is located at Aerospace Park in North Bengaluru. Close to the Kempegowda International Airport. High tech companies like Shell, Autoliv, Boeing, SAP Labs within minutes of our premises. 20-30 min* drive to IT parks like Ecopolis, L&T Tech Park, Kirloskar Tech Park and Manyata Tech Park. Well connected by NH44, SH104 and New Airport Road. Close to retail, schools, and other civic infrastructure. Phase 2A and 2B of Bengaluru Metro connecting Central Silk Board, KR Puram, and Kempegowda International Airport, expected to be operational by 2025**. This location is already investment-worthy and packs immense potential for exponential returns in the near future.

CIVIL

WATER

ENERGY

LANDSCAPE

WASTE

CIVIL

- PPC cement which incorporates fly ash that significantly reduces carbon footprint compared to traditional cement
- Slag sand or M-sand, unlike traditional sand, acts as a 100% replacement for river sand, thereby reducing the negative impact on river ecosystems
- Recycled construction aggregates instead of stone aggregates in non-structural elements, which helps prevent natural resource depletion
- Responsible Flooring which has high percentage of recycled content and lower CO2 emission
- Non-toxic, low-VOC paints used to reduce environmental damage and eliminate carcinogenic materials to promote health and safety

WATER

- Water efficient fixtures and aerators that reduce water wastage
- MBR STP with better water saving capabilities than SBR
- Rooftop rainwater harvesting that helps use of rainwater
- Cost savings of 68 lakhs/year*

WASTE

- Scientific dry and wet waste segregation and management
- Organic waste composter of 1.32 tons rotary drum capacity to help in the quick conversion of wet waste to manure, which can be used as a natural fertilizer

ENERGY

- Rooftop photovoltaic solar system promotes energy independence and reduction of carbon footprint
- Common area powered by 55 kW peak solar panels which will lead to cost savings of almost ₹6 lakhs per annum*
- Solar water heating in the top 2 floors which will lead to annual savings of ₹30 lakhs*
- EV charging stations provision in 25% of the total number of car parks

LANDSCAPE

- 1300+ trees in the development
- Almost 45+ indigenous species of flora that avoid increased usage of water
- The total lung space in the project is more than 60% which enhances the idea of healthy living

KNOW YOUR ECOPOLITAN HOME BETTER

- 100% vastu-compliant homes
 - Externally ventilated rooms
 - Full-height glazed windows in the bedrooms for maximum natural light
 - 2-balcony homes in the Grand Series
 - Strategically placed invisible outdoor AC units
 - Maximum privacy homes designed such that 2 homes don't face each other
 - Efficient carpet areas for maximum utility
