HOMES OF TOMORROW

Being innovative in every sense of the word, a home at Symbol Towers is all about making your everyday effortless. From letting you set the ambience of your home to waking you up every morning at your preferred time, it is designed to obey you. Truly, devotedly, obey you.

The background of the entire image consists of a series of parallel, diagonal stripes. These stripes are a light, warm brown or tan color, set against a dark, almost black background. The stripes originate from the top left and extend towards the bottom right, creating a strong sense of movement and depth. The lighting appears to come from the top, casting soft shadows and highlighting the edges of the stripes.
