

RASA

ENCLAVE

A Place That Fits Your Life.

A Place That Fits Your Life.

Rasa Enclave is a thoughtfully planned residential enclave set within one of NCR's emerging urban ecosystems. Designed for families, professionals and future-focused investors, it's a place where life grows quietly, comfortably, and confidently.

The Idea Behind The Project

A Smarter Way to Live, Own & Grow

Rasa Enclave brings back the clarity of plotted development - ownership, flexibility, and breathing space while embedding it inside modern infrastructure, connectivity and community planning. Every element here is designed to support how modern families live today while preparing them for tomorrow.

This is residential planning that understands balance between calm and connectivity, privacy and community, value and growth.

The Project At a Glance

Planned Living in a Well-Connected Location

Rasa Enclave is a plotted residential development spread **across 18 acres**, located within the **larger 45-acre strategically planned residential and industrial** development on **Palwal–Sohna Road (NH-919)**. Developed under **Deen Dayal Jan Awas Yojana (DDJAY-2016)**, the project offers government-approved freehold plots, designed for practical, low-density living.

The location offers strong regional connectivity with seamless access to **NH-44 (Delhi–Faridabad–Agra Corridor)**, Delhi–Mumbai Expressway, and KMP Expressway (Western Peripheral Expressway) - making movement across NCR efficient and straightforward. With organised internal planning, green spaces, and dedicated entry & exit points, Rasa Enclave brings together residential calm and everyday accessibility within a larger, evolving urban ecosystem.

The location ensures smooth connectivity across NCR while maintaining a quieter residential environment away from congestion-heavy city centres.

Why Rasa Enclave

Regional Infrastructure Advantage

Located in **NCR's high-growth belt**, Rasa Enclave benefits from expressways, Haryana Orbital Rail Corridor (HORC) **connectivity** and **DMIC-led infrastructure development**, positioning it within

Calm Living with Strong Connectivity

A peaceful residential pocket surrounded by **schools, healthcare and retail**, while remaining seamlessly connected to **Gurgaon, Faridabad, Delhi and Sohna**.

Sustainable Demand Drivers

Proximity to an **industrial and commercial ecosystem** ensures consistent end-user demand, rental yields and resale liquidity.

An Advantage at Entry

Entry pricing is **~60% lower** than Sohna and **~30% lower** than Palwal residential sectors, creating headroom for appreciation as the neighbourhood matures.

Built Around Everyday Needs

Healthcare, Retail and Education

Everyday essentials are already in place around Rasa Enclave. From healthcare and education to shopping and daily conveniences, the surrounding area is supported by established social infrastructure ensuring ease of access and peace of mind for residents.

Healthcare Access

A network of multi-speciality hospitals and medical centres within a short driving distance.

Shopping, Retail & Daily Conveniences

Supermarkets, malls and essential retail destinations easily accessible from the site.

Schools & Universities

Reputed schools and higher education institutions supporting long-term residential living.

Strategically Positioned

Designed for the Way Different People Live

Families

Everyday life stays simple with easy access to schools, healthcare facilities and daily conveniences within a calm, well-planned residential environment.

Professionals & Commuters

Strong connectivity to industrial hubs and key corridors across Gurgaon, Faridabad and Delhi supports smooth and efficient daily travel.

Holistic Living Seekers

A location that brings together connectivity, convenience, community and comfort without the pressures of dense urban living.

Investors

Positioned in a growth zone with strong appreciation potential, rental demand and long-term value security.
