A legacy of "Delivery & Trust" built over 25 years

Powered with the vision to provide integrated townships that encompass residential, commercial and office spaces with world class amenities, Imperia Structures Ltd. is scaling new heights in the realty sector. The organisation has carved a niche with its contemporary architecture and layouts dotting the skyline with a wide range of projects – industrial, IT, residential and commercial. The focus is on securing the smiles of its customers by building value on the foundation of trust.

The Imperia H2O is associated with the name synonymous with perfection. The Imperia Group has, from its very inception, been a real estate developer with a difference. The Group has already leased out more than 10 lac sq. ft. of commercial space to Fortune 500 and Multinational companies, like: the Tatas, Videocon, Samsung, GE Money, Aptara, Legrand, Larsen & Toubro, Reliance, Citibank, Blue Star, Siemens, Voltas, DIESL, Globerian.

Imperia Structures has a legacy of delivery and trust built over 25 years.

Greater Noida 2 Future

Future Proof

Come, witness a glorious partnership of industry with nature, life with lifestyle and administration with enterprise. Greater Noida, a world city, planned with an obsession for perfection, is ready to welcome you to the future.

Greater Noida is turning out to be the Silicon Valley of North India. The key investments have come from IT Services, Software Products and e-Services. NASSCOM forecasts revenues of US \$87 billion and employment of two million people by the Indian IT Industry in Greater Noida.

Top Companies @ Greater Noida:

Honda • LG Electronics • Moser Baer India Ltd. • NIIT • HCL Technologies • American Express • Samsung Electronics • Wipro

Planned 2 Perfection

Architectural Marvel

DFA - the Design Forum of Architects - is a consortium of reputed national and international architects working together to meet the challenges of the new emergent India.

DFA today, takes pride in having built some of the most prestigious projects in the world. The firm has over 20 million square feet of commissioned ongoing projects and is rapidly asserting itself as the front-runner in most of the new projects being developed by leading developers.

Imperia H2O has been planned and designed by a top class team from DFA. They have managed to seamlessly integrate housing, office and retail space. One of the key focus areas of Imperia H2O is to build keeping in mind the latest lifestyle choices of consumers.

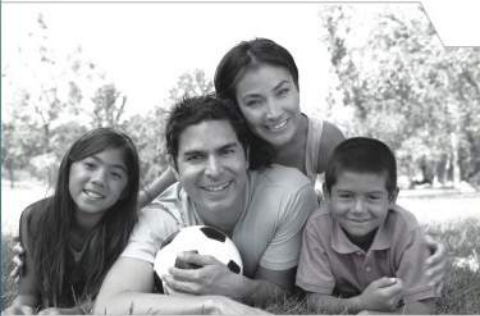

DFA has set new standards while building Imperia H2O. DFA is set on an arduous path of demanding goals to achieve a blissful tomorrow.

Commitment 2 Green

Green Heart

Imperia H2O isn't just another township-its a model township. We realise that nothing soothes stressed nerves like open green spaces. Over 70% of Imperia H2O is open green spaces. Not just that, even our buildings are built using the most environment friendly materials. We are a Lead Certified Green Building.

As a Lead Certified Green Building we have made a commitment to not only build environment friendly buildings but also build in sustainable systems that ensure the best in green practices.

Lead Certified Green Building

Increases operational efficiency, reduces emissions and avoids waste • Spaces created to enable maximum daylight, view and natural ambience and minimum travel distances • The vertical cores and elevators are designed for lowest waiting time and maximum handling efficiency • Use of sustainable managed materials • Use of solar passive techniques to minimise load on conventional systems (heating, cooling, ventilation, and lighting) • Maximum use of eco-friendly and energy efficient construction materials • High efficiency cooling towers for least power consumption • Control & Building Management Systems for effective control • High performance glazing with low U-value, low Shading Coefficient and high VLT (Visual Light Transmittance) for energy efficiency • Brick walls with air cavity to significantly reduce heat ingress
