Pramur Vanantara

NATURE'S CALM, CITY'S CONVENIENCE

A thoughtfully and passionately planned residential community, Pramur Vanantara is designed to offer much more than just a home. It creates a space where families can relax, connect and enjoy a balanced lifestyle surrounded by comfort & greenery.

Thoughtful systems, sustainable living

Water management systems such as rainwater harvesting, ground water recharge pits, water treatment & sewage treatment plants as well as solar panels installed to offset electricity consumption reflect a strong focus on sustainability & responsible living.
