The Lifestyle with a Difference

Step out on to the Clouds

Krishvi Projects

Over the last 13 years, Krishvi has firmly established itself as one of the leading developers of housing projects in the Silicon Valley of India, Bangalore.

With the design focus on natural ventilation, Krishvi projects itself as a “green builder”, by aiming to preserve and conserve nature to its optimum best and provides a stress free and relaxed home for all of its customers.

Dhavala

Dhavala, a Sanskrit word for ‘Mountain’ is fashioned on this concept wherein the architecture is unique, giving it a gradual flow of low, medium and high towers that gives every home a wonderful outdoor view and open air space, not to mention plenty of direct sunlight and crisp fresh air.

Our unique perimeter landscaping is true to our promise of bonding with nature. The terrace gardens exude serenity, creating splendid views from anywhere in the building.

Design Features

The various blocks that comprise Krishvi Dhavala, slowly rise like a majestic mountain – from humble to towering heights. The rising terrace, spanning over an enormous area, provides a unique opportunity to incorporate greenery and nature.

Unique Natural Landscaping

The landscaping has been designed by Master Plan, a company that has 35 years and over 2,000 successful projects. A panel of scientists and experts are associated with the process of planning and execution of the projects, incorporating vernacular knowledge as well as cutting-edge technology.

Residents of Dhavala can enjoy a unique experience of having a wonderfully natural skywalk spanning the length of the blocks, providing serenity, greenery and respite. Lush green landscaping creates a setting close to nature, high above and away from the noise and pollution.

Facilities & Amenities

Krishvi has taken great care in designing the common areas for the residents of Dhavala with benefits for their convenience, pleasure and relaxation in mind. They include:

Terrace Garden with Pergolas
Natural Green Skywalk
Yoga & Meditation Center
Spa & Recreation Zone
Spacious Club House
Multiple-Party Halls
Retail Zone to satisfy all needs

Gym
Jogging Track
Large Swimming Pool
Sports Facilities
Children's Play Area
Senior Citizens' Corner
Bio-organic Waste Converter

Dhavala Apartments

The range of apartments includes 2,3 and 4 BHK with option of smart pools.

The homes Krishvi designs are spacious and well-ventilated with L-design for Living-Dining area to ensure comfort and privacy.

They have large windows and doors, that help in naturally ventilating the homes.

Flooring in the living and dining areas are designer porcelein tiles.
All bedrooms in the apartments have elegant wooden flooring.
