

THE

PRIVILEGED LIVING

Celebrate timeless elegance with stylish living...

The V has been designed as a flawless example of sustainable eco design. Bionic architecture creates spaces that maximises the use of existing natural resources and minimises energy consumption to make your home a superb balance of form and function.

The V is housed within a 8.5 acres of mixed development comprising of the "The Westin" luxury hotel and also an upcoming state of the art luxury mall called 'Ivy'. 'The Westin' opened its doors recently and has already been voted the best 'Westin' in Asia Pacific.

With the best of both worlds at your doorstep - Fabulous Real Estate Values - it's no surprise that people from near and far are choosing to make "V" their home.

* At additional cost

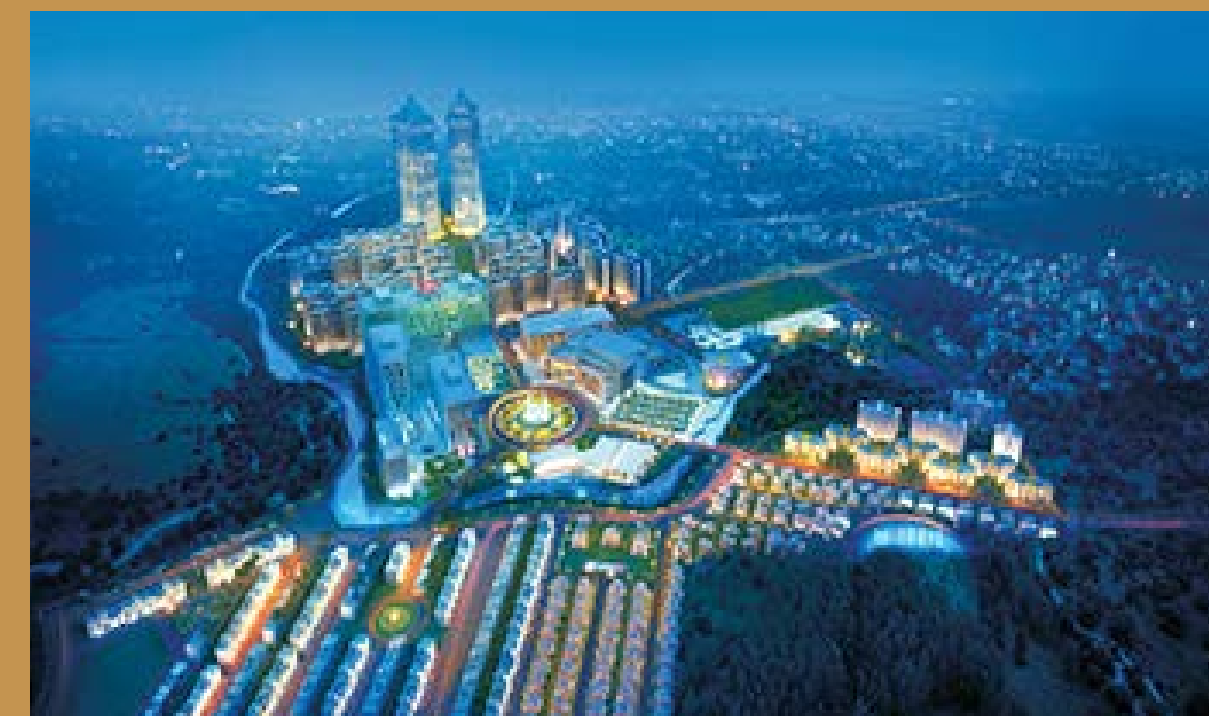

Kanoria Foundation, through its tagline 'work with devotion' is the entity that anchors its businesses, strategic partnerships, and myriad social and CSR activities. It is primarily engaged in the business of Infrastructure Financial Services; Infrastructure Development such as Roads, Ports, Telecom, Power; Rural Infrastructure; and Housing, Hospitality and Healthcare. Its operational philosophy is based on a strong foundation of morals, values and culture. Concurrent with business activities are several social initiatives and CSR activities. Kanoria Foundation supports the education of students from nursery to higher education, and promotes the following causes - sustainable environments, moral values teachings, non-violence against women, spirituality and health, and skill development. Together, its businesses and CSR activities create socio-economic value, build communities, and establish sustainable livelihoods.

Our social initiatives are focused on delivering equal and quality access to basic health and education needs while addressing a range of societal concerns. As a family of social entrepreneurs and being in the business of "connectivity", connecting every Indian to equal and improved public services like health and learning is our second nature.

One of the leading Construction and Infrastructure Development Companies in India, SHRISTI INFRASTRUCTURE DEVELOPMENT CORPORATION LTD. started commercial operations in 1999 and is today a pan-Indian company in the fields of Infrastructure Construction, Infrastructure Development, Hospitality and Healthcare.

By partnering with renowned names in the field of infrastructure, construction of roads, power plants, townships and other infrastructure projects, we have been playing a part in shaping modern India. In addition, we believe in 'inclusive growth' which involves bringing the fruits of economic development to all sections of society by making investments in tier II and tier III cities. At SHRISTI, we don't wait for the future, we create it. The SHRISTI Group has played quite the role of a 'visionary' in social infrastructure development of eastern & north-eastern India. The concept of a green integrated township was first executed by SHRISTI.
