From the Managing Director Desk,

Almost all projects of DAC promoters can be found within a radius of 0.5 km to 9 km from Tambaram. A “Brand promise constructing homes within existing residential localities goes uncompromised touchwood, cue taken from the list of customers most desirous needs. With so many market leaders & players in this industry, unmindful, we wanted to position this brand that precisely meets the primary need .ie, the home within a residential location with all the comfort of nearby schools, hospitals, markets & bus /train facilities. A meaningful promise truly any buyer would consider in this world that is shrinking.

Years back during my first project DAC KUMARAN, one of the client, who later became my customer asked me if there was a possibility to change the size of the room and shuffle bedroom to kitchen and vice versa. After a bit of thinking, I said yes. It was a tough task though, impelled with his thought, i completed the construction to his satisfaction. That is when, I included another “Brand promise “;the customization ”.

Since then, I had made it a point that all my projects carry the above two promises imperturbable during any business situation, purely to deliver that meets customer most desirous needs.

To further the customer comfort, our recent projects have homes with “elegant terrace”, one can use it without climbing the stairs .

At DAC, We strictly adhere to Government norms and regulations during all phase of construction & we never compromise on the delivery schedule.

Having completed 2,81,573 sqft, our current pipeline to be delivered stays at 2,15,543 sqft across East Tambaram, Chromepet, Pammal, Pallavaram, Selaiyur.

Thank you,

" I bought a flat under DAC Prahalath project and is under construction. From buyers point of view, DAC balances customer satisfaction, and their businesses aptly. They don't stick completely to one end. We can expect an interaction with DAC in that way. And this is my perspective.
