EARTH INFRASTRUCTURES LIMITED

Engineering expertise, innovative masterpieces and unbending standards of quality makes Earth Infrastructures Limited (EIL) a real estate company to reckon with. The company's global presence, a dynamic investor patronage from India and Europe further makes it one of the most well capitalised real estate companies of India.

Forming our foundation at Earth is our ability to meet special requirements of our customer. The company weaves its commitment towards green development in all its projects and creates buildings that are inspired by elements of nature. No wonder then, EIL projects are LEED Certified*.

Earth brings to you infrastructural marvels that are personification of its dynamism and company's vision to create the finest elements of urban living in real estate business. So be it residential, commercial, IT/ITES parks or farmhouses, every project stands out from others in terms of design aesthetics and global construction standards.

Earth's professionalism and wide-ranging experience of real estate and construction is already carving out a niche by changing the skyline of the developing cities in India. EIL has extensive plans to venture in to hospitality segment, power projects, hospitals, townships and even highways.

OUR VISION

To be the most innovative and trusted brand in real estate industry by adopting new technologies with a focus on green and eco-friendly construction to fulfill the expectations of the customers.
