Thakural Dois

A sweet & simple abode for the true Mumbaikar

THAKURAL DOIS

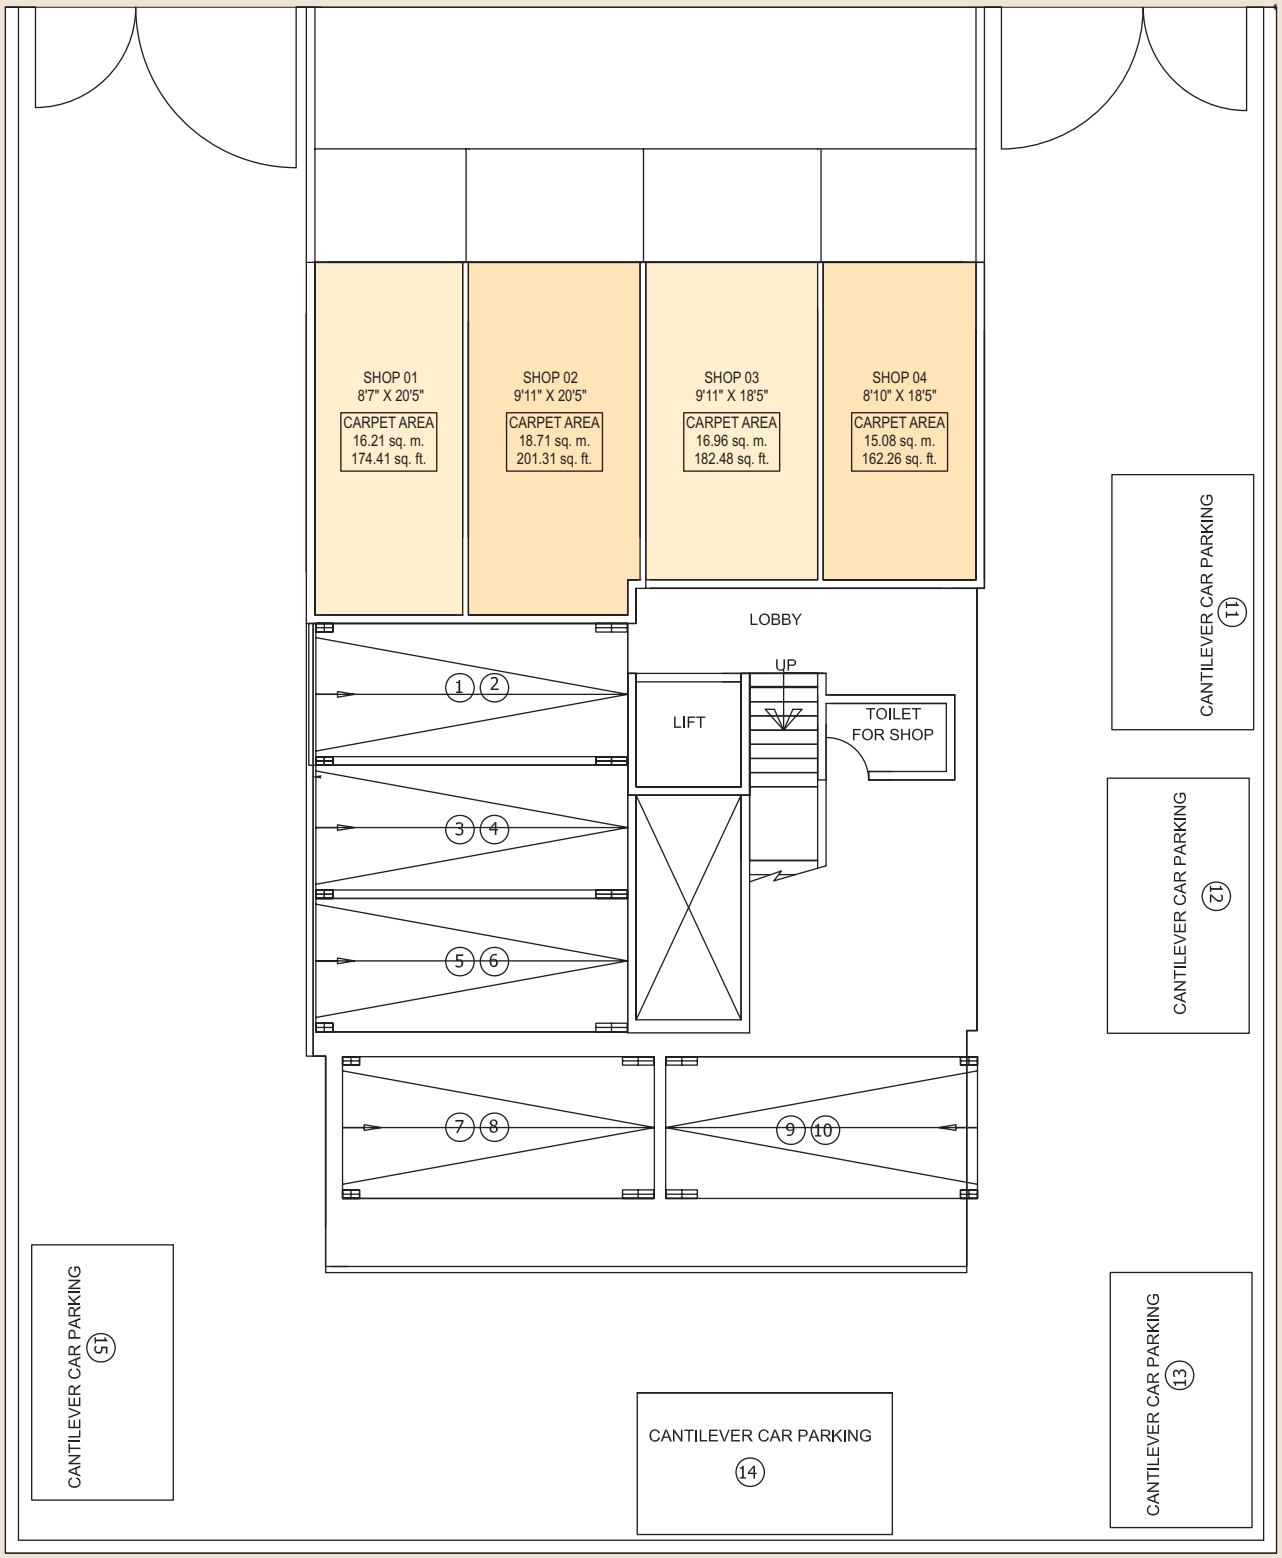

Thakural Group has always strived to pioneer innovative techniques in real estate development. All of our housing, commercial and industrial projects have featured inventive façade techniques and new age planning. Boasting a clientele ranging from high profile corporates to an average individual, we have always delivered projects with a high value for money.

Every project by the Group has been aesthetically designed with one directive principle in mind – enhancing the quality of life of the people who occupy our creations.
