COME HOME TO C O N V E N I E N C E

A collection of luxury homes where sophisticated high-rise living gets intimate with the elements of nature.

The 15-storey tower will emerge as a new landmark as it soar with elegant monumentality over the city.

The sharp lines of the building are sprinkled with sky garden to embrace a green and wholesome lifestyle. Elements of tropical architecture such as balconies, window ledges and wood coloured sun-shading screens add texture to the futuristic personality of the high-rise tower.
