Bangalore has arrived.
Have you?
Now you can, @
carbOn Cornerstone.

Bangalore has become a magnet for the largest number of expatriates who have made their home temporary, in-transit or permanent.

As a global investment destination, Bangalore is the ideal place to put your roots down. Cosmopolitan, the IT City offers potential to investors with its developing infrastructure, as it continues to attract a unique talent pool.

Ideal Location

The fastest emerging zone, Bangalore North continues to preserve its tranquil and picturesque tree-lined environs, primarily due to the many institutions and convents that lie in the vicinity.

What's more, for comfortable living, Carbon Cornerstone is strategically located with utilities and basic facilities surrounding the project, which include well-stocked super markets, schools, religious institutions, hospitals and clubs. It will not be long before mega malls begin to appear along the 120 feet Hennur Bagalur Main Road.

The Carbon Cornerstone project lies in the Kanakashree BDA Approved Layout along the Hennur Main Road, nestling between the Outer Ring Road (3km) and the Peripheral Ring Road (1 km), offering you the best of both worlds. This location ensures a quick trip into the Central Business District and a getaway back to the tranquil surroundings of Carbon Cornerstone.
