"Stillness Crafted by Nature"

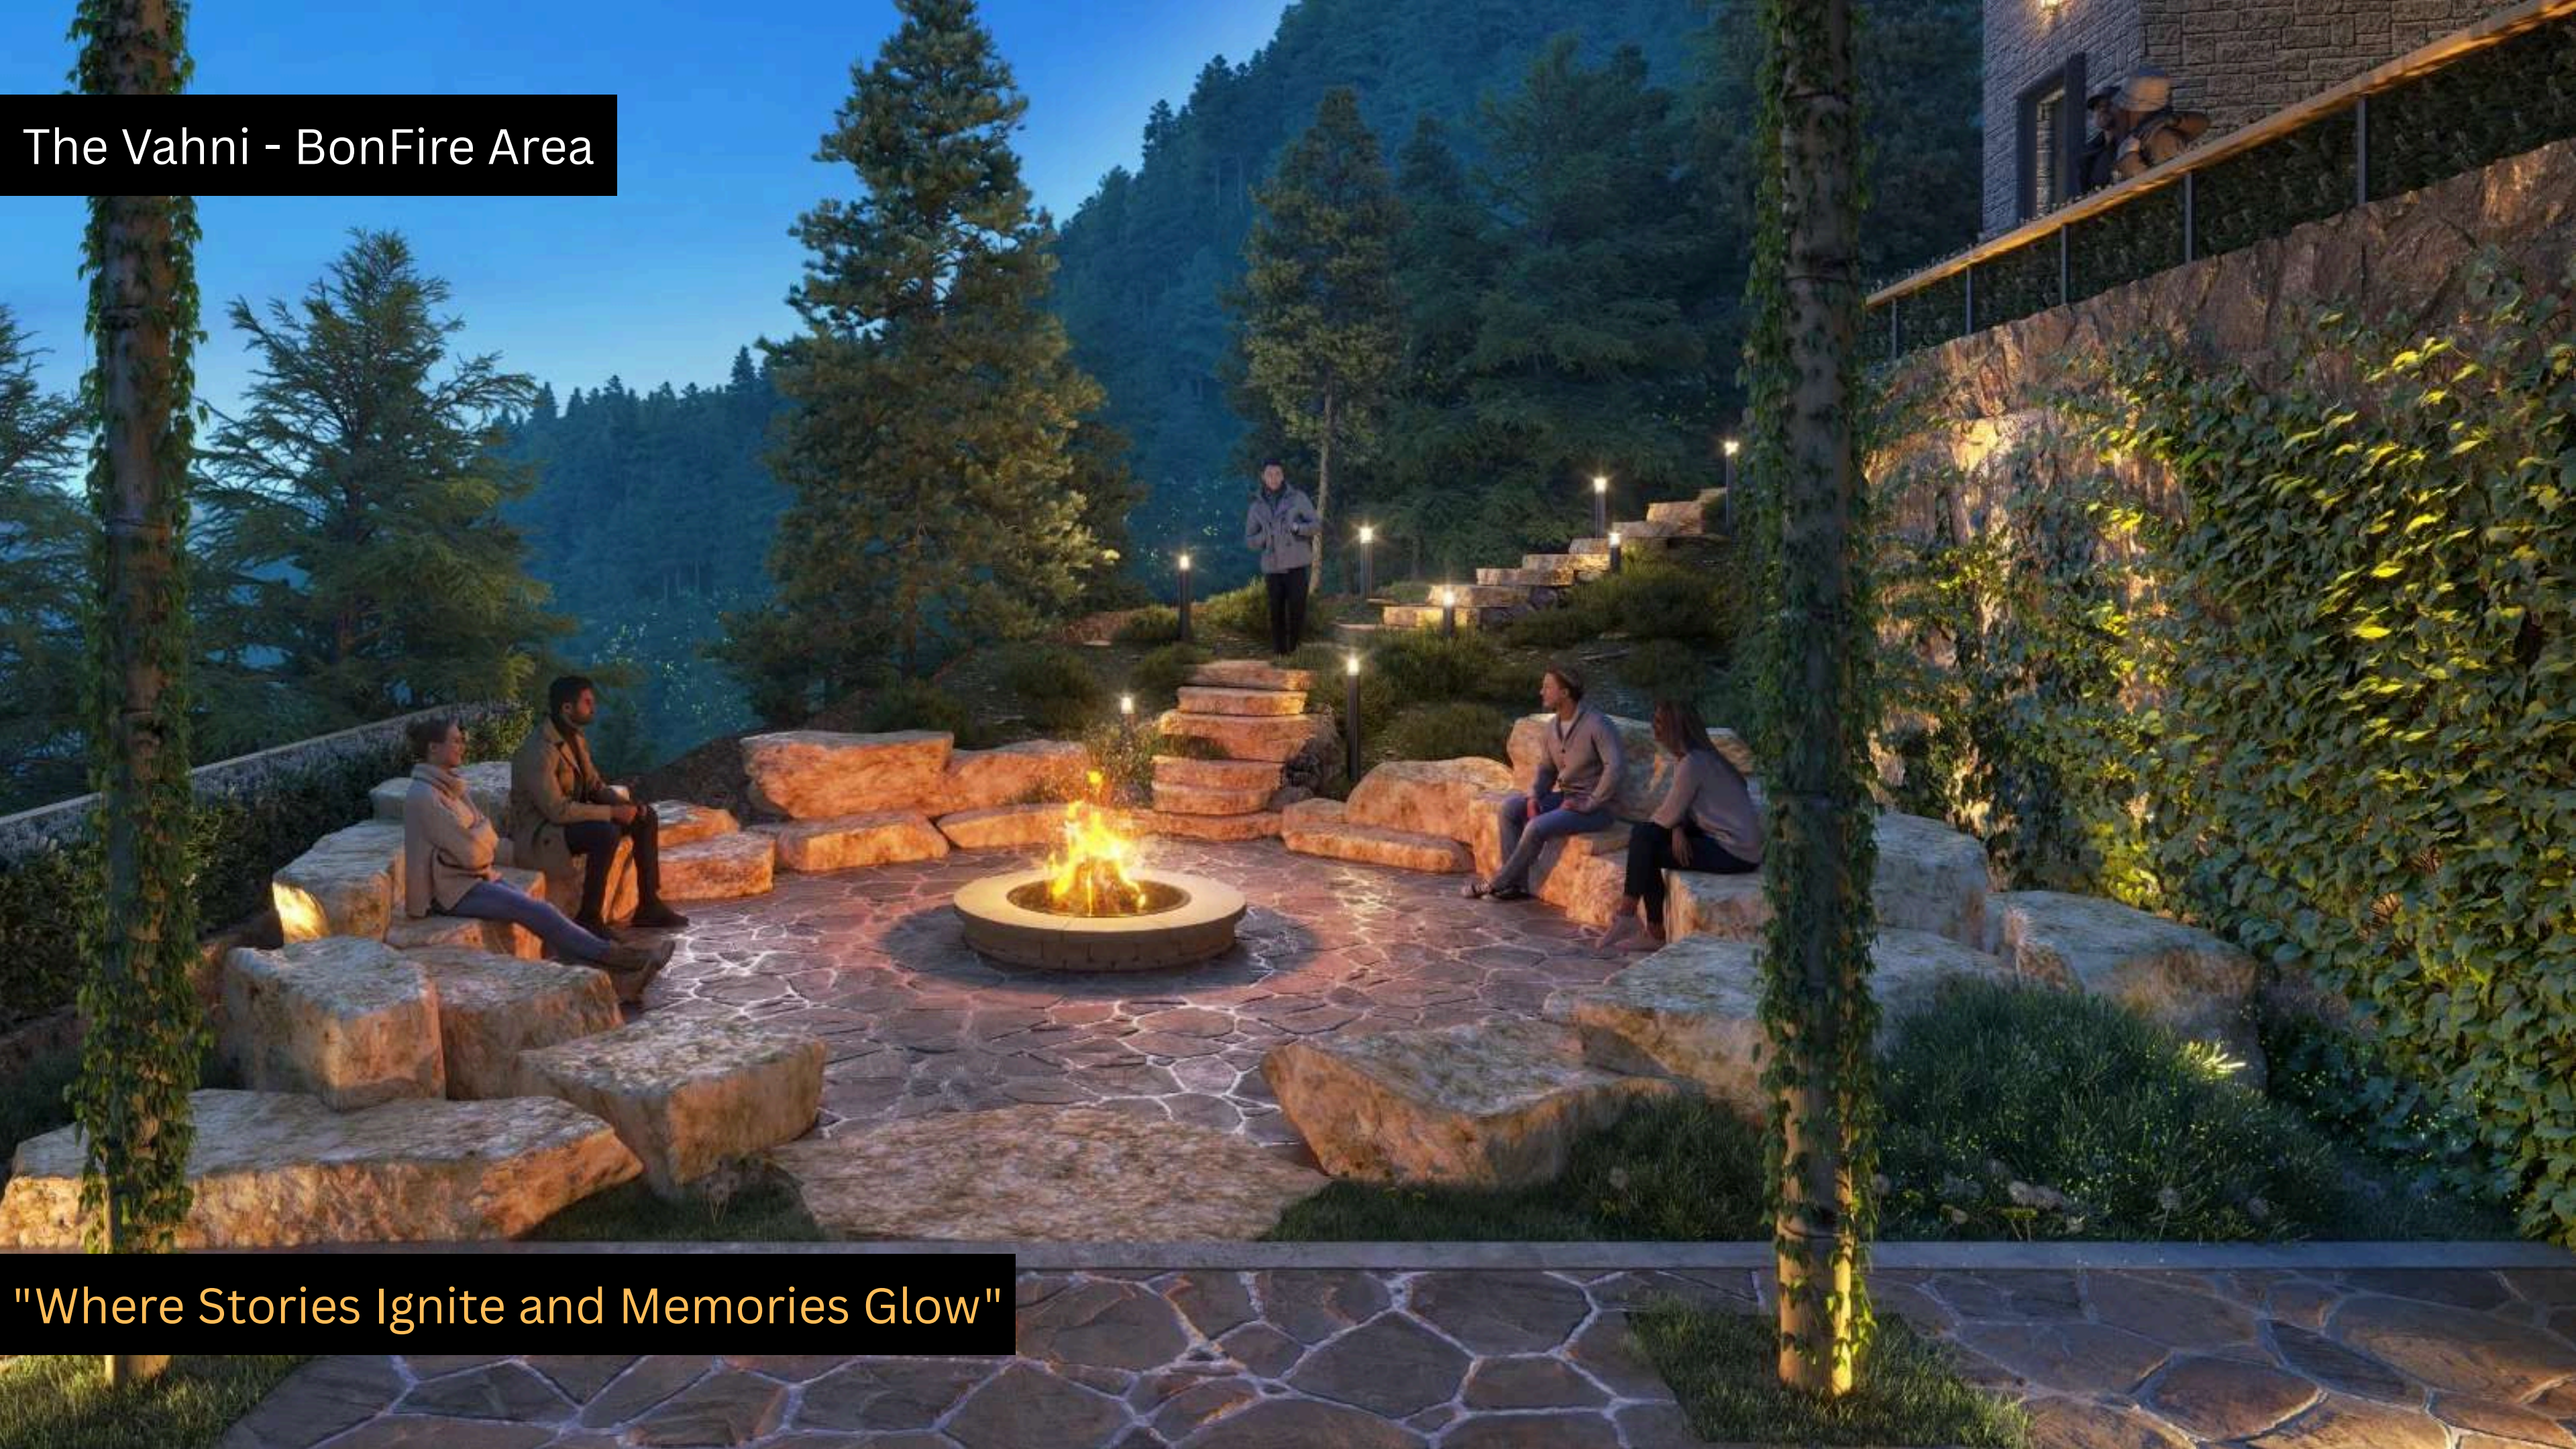

A modern, two-story house with a dark roof and large windows is nestled on a hillside. A large, mature tree stands in the front yard, with a wooden play structure built around its trunk. The play structure includes a platform and a slide. In the foreground, a series of wide, flat stone steps lead up the hill. To the left of the steps, a curved stone wall separates the play area from a lower level. The play area is filled with numerous tree stumps of varying sizes, arranged in a way that suggests a natural, organic layout. Several children are playing in the area, and a woman is walking up the steps. The background shows a dense forest of evergreen trees under a soft, hazy sky, suggesting a sunset or sunrise. The overall atmosphere is peaceful and natural.
