The pride of sprawling space.

Conceptualised on a canvas of 1.4 acres.

In Mumbai, space is always in scarce supply, but not at Arkade Crown. The project is built on a plot of 1.4 acres (5777 sq.mtrs), something unheard of anywhere in its vicinity. This will ensure functional space design resulting in fluidity of movement and lesser density.

One of the striking highlights of the design planning is the benefit of having hassle-free surface parking in the form of stilt + three levels of podium with ramp access. Unlike the tedious car-lift or stack parking, moving in and out of the society will simple be a joy.
