Smart Home System

With the growth of digital technology, our daily lives and constantly evolving, just like our relationship to our habitat. Proliferation of connected devices, ageing population, energy savings or new ways of working from home: all of these factors are gradually being incorporated into our interiors.

SMART LOCK

Change the way you access your home forever, by unlocking your door with a smartphone or smartwatch. Take advantage of keyless access permissions for your family members, friends, and other services. Stay in control of your property with three tiers of virtual keys and rely on the smart lock's history feature to monitor who enters and leaves.

HOME AUTOMATION CONTROLS

Control light levels, play music, set the temperature or control your home security with radiant Home automation solutions.
