The Fun Zone

Children love the outdoors. A space full of joyful things to do, no matter what the season is. **Nirman Viva** has a well planned outdoor play area for your little ones to burn off their energy whilst providing healthy entertainment.

The exclusively designed soft play area for toddlers ensures safe landings. Play pool, merry-go-round, slides and swings offer great excitement to the toddlers without sharing the playing space with the older kids.

There is a separate play area for the older kids too. Apart from the usual slides and swings there are climbing structures designed to challenge their growing muscles and to improve co-ordination. What's more there is a separate play-court for different ball games as well.

This creative little playground is complete and functional, just waiting to amuse your little angels...
