

Yours is the home and the home-park

**WEST
COAST
PARK**

shivane.pune

1.5, 2 & 2.5 BHK
APARTMENTS

In cities limited by space and tight schedules, life for us often shrinks to few square feet within the four walls of home and long hours at the workplace. Even the stretch of roads between the two places is jammed with rushing vehicles and maddening crowd.

The windows of the houses open up to other towering buildings in the neighbourhood or busy streets down below. A drive to the distant hills or even a quiet evening with the family in a not-so-far park in the city is a rare occasion.

Day after day, we hold on to the wish of a life beyond the four walls...

Where do you go from here?

While you remained tied to the leash of a life within the four walls of your home and workplace, the city kept growing in size pushing its boundaries further.

What were the outskirts not so long ago, are today lively suburbs with well planned townships.

That's what brings you to the gate of West Coast Park...

Outside the gate flows a small river undisturbed by an idyllic township taking shape inside.

And in between the two is the promise of a life you long wished...

A life spread out beyond the four walls...

Proposed Building E

Located on the fastest developing west side of Pune by the coast of a river, six exclusive residential towers stand hand in hand around an expansive park in the centre to create and set apart the West Coast Park much to the admiration of its neighbourhood.

And admire you will also, when you are with your family either inside your home or with your family and neighbours outside in the park.

West Coast Park has everything and more than what you'd find in any other park. Step outside your home and the park is yours. Leave the park and the home is yours.

Suddenly you have all the time and the place to stretch your life beyond the four walls.

Yours is the home and the home-park.

Layout

- 1) Club house
- 2) Night garden with fragrant shrubs
- 3) Lawn area and mounds
- 4) Green walls
- 5) Neem plantation for oxygen enhancement
- 6) Isolation areas for social interactions

When you have homes skirting a park, life spreads out onto the park and the park rolls into your home. The intrusion on both sides is pleasant and always welcome.

The walls of distance and time simply vanish. Step out or step in, you are never short of good times with your family, friends and neighbours. The mornings, evenings and the weekends with them get longer. You have more time and space that you can call as yours.

**Immeasurable
happiness, not just
happy moments
to count.**
